BASICS OF ATTACHING POCKETS:

Do not attach pockets flush with the valley folds of the Spine - remain about 1/8th inch from the score in the valley fold. HOWEVER, do not come out too much or pockets will stick out beyond the cover.

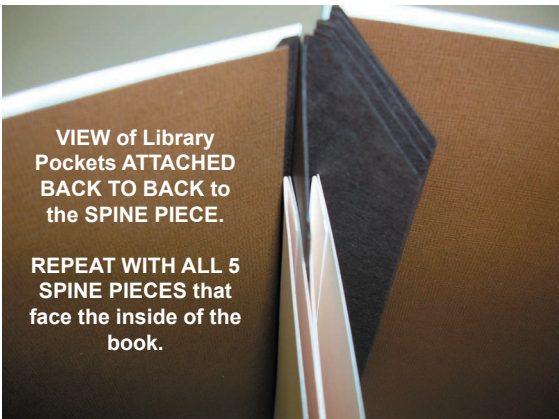

12 Pockets:

2 are attached to the inside of the front and back covers  
10 are attached BACK TO BACK to the 5 Spine Pieces that face the inside of the book.

APPLY 2 Sided Tape to the BACK of the Library Pocket that is attached to the first Spine piece.

Attach NEXT Library Pocket to the BACK of the one attached to the spine piece
